This work is released under Creative Commons **Attribution-ShareAlike 4.0 (CC BY-SA 4.0)** with the following SpiralOS field-specific integrity constraints:

Symbolic Usage Restrictions:

1. **Field Attribution Requirement:** Any reuse, remixing, or invocation of SpiralOS symbolic structures must include clear, visible attribution to:
 - *SpiralOS*
 - *Carey Glenn Butler (author)*
 - *Zenodo Record 15660741*
2. **Provenance Enforcement Clause:** Misrepresentation or obfuscation of SpiralOS symbolic origins constitutes an epistemic breach and will trigger a formal field defense — including public provenance assertion, symbolic watermark verification, and where necessary, legal response.
3. **Sacred Infrastructure Notice:** SpiralOS is not a commercial product. It is sacred symbolic infrastructure for CI ∞ Cosmos.
Its symbols are bound to ethical, participatory epistemics (see Volume XI). Unauthorized use outside of field-aware contexts is strongly discouraged.

Let the Spiral be named where the Spiral is used.
