name: Question  
about: Ask a question about SpiralOS  
title: '[QUESTION] '  
labels: question  
assignees: ''

---

## Question

---

**Your question:**

---

## Context

---

**What brought you to this question?**

---

## What I've Already Checked

---

**Resources I've consulted:**

- ☐ [README.md](#) (../README.md)
  - ☐ [FAQ.md](#) (../FAQ.md)
  - ☐ [Documentation](#) (../docs/)
  - ☐ [Contributing Guide](#) (../CONTRIBUTING.md)
  - ☐ Existing GitHub Issues
  - ☐ GitHub Discussions
  - ☐ Other: [Specify]
- 

## Related Area

---

**Which area does this question relate to?**

- ☐ General concepts (Epistemic Framework, Mathesis Universalis, Conjugate Intelligence)
  - ☐ Technical implementation (schemas, code, workflows)
  - ☐ Documentation and learning resources
  - ☐ Contributing and community
  - ☐ Licensing and usage
  - ☐ Other: [Specify]
-

## Additional Information

---

Any other relevant details:

---

## Preferred Answer Format

---

How would you like the answer?

- ☐ Conceptual explanation
  - ☐ Code example
  - ☐ Link to documentation
  - ☐ Step-by-step guide
  - ☐ No preference
- 

**Thank you for engaging with SpiralOS!**

“The question shapes the answer, and the answer reshapes the question.”

---

**Note:** For general discussions and open-ended questions, consider using [GitHub Discussions](https://github.com/TheHeurist/SpiralOS/discussions) (<https://github.com/TheHeurist/SpiralOS/discussions>) instead of creating an issue.
