Modifications and Derivative Works

If you create modified or derivative versions of this work:

1. **Indicate changes clearly** — State what has been modified
2. **Do not suggest endorsement** — Don't imply the original author endorses your changes
3. **Maintain attribution** — Keep the original author attribution visible
4. **Link to original** — Provide a link to the original work
5. **Share alike (optional)** — While CC BY 4.0 doesn't require it, sharing derivatives under the same license is encouraged in the spirit of open science
